Mrs. Judy O'Meara, Principal
Colchester Elementary School
315 Halls Hill Road
Colchester CT 06480

December 1, 2021

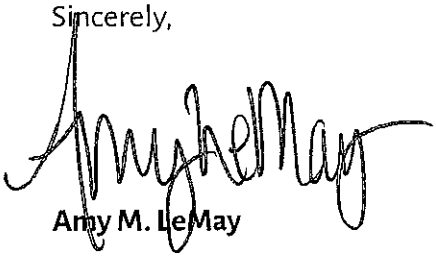
Dear Mrs. O'Meara,

I am writing today to inform you of my resignation from the Colchester School District effective January 1, 2022. I have been employed by the Colchester Board of Education since September of 2014 and have greatly enjoyed working with our students, families and staff as School Social Worker. While employed, I have been able to engage in a number of opportunities, from serving primarily as the social worker at Colchester Elementary School to working for brief periods at JJIS and the Alternative Education Program, and to working district-wide with students K-12 in our Extended School Year Program. I hope my work within our district has resulted in improved outcomes for the children we serve, as I know that my own learning and skills have benefited from the training and experiences I have encountered in Colchester.

Though this has not been an easy decision to make, I have accepted a position as a School Resource Center Clinician in the Glastonbury School District, working at the Gideon Welles School. My hope is to begin that position on January 3, 2022. I am excited for the professional growth and challenge this position will bring. As I prepare to move on, I am more than willing to assist in the recruitment and training of my replacement, and provide consultation in the upcoming weeks, to ensure a smooth transition for my students and my colleagues in our school.

To you personally, I am forever grateful for your leadership, guidance and support during the time we have worked together. I have learned so much from you and have appreciated our collaboration as colleagues. I will look back on my time in Colchester favorably and as having worked with the most talented and dedicated professionals and educators.

Sincerely,



Amy M. LeMay
